

Hirst Arts Fantasy Architecture

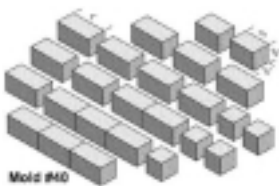

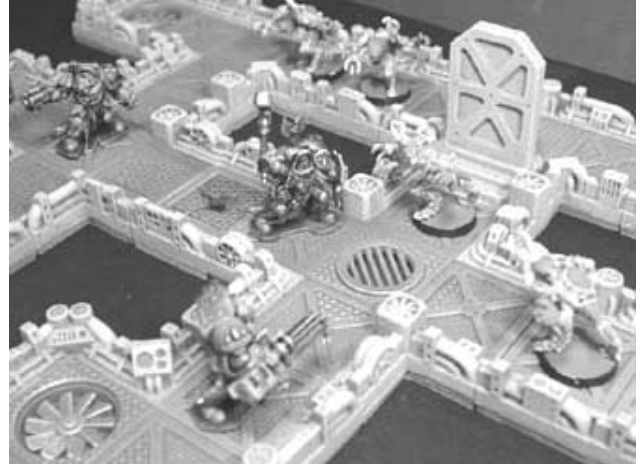

WWW.HIRSTARTS.COM

We sell silicone rubber molds. You use these molds to make building blocks out of plaster. Glue the blocks together to make fantasy buildings or ruins. Paint the finished models with latex paint.

Have the Freedom to Build **Anything** You Want
Works Great for 15-30mm Scale Figures
Make Castles, Dungeons, and Ruins.
Create Buildings with Removable Sections.
Buildings will have Stone Details Inside & Out!

USES INCLUDE:

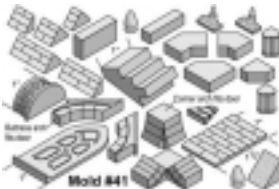

Terrain for Tabletop Gaming ♦ Displays and Dioramas
Model Railroads ♦ Miniature Display Stands
Fantasy Buildings for Role Playing

#40
Basic Block
Mold
Price \$34.00

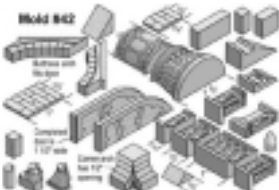

Used for building simple walls and structures. Contains several long one-piece blocks.

#41
Gothic
Dungeon
Accessories
Price \$34.00

This mold will make additional pieces that enhance the gothic dungeon mold #45. Can make a 1" wide door, smooth steps, octagon steps, 1" wide corner arch, roof sections and decorative pieces.

#42
Gothic
Arena
Accessories
Price \$34.00

This mold contains additional pieces that enhance the gothic dungeon mold #45. Can make a 1.5" wide door, large pillars, 1/2" wide corner arch, 3/4 pillars, decorative base trim and other decorative pieces.

#43
Gothic
Panel
Accessories
Price \$34.00

This mold contains additional pieces that enhance the gothic dungeon mold #45. Includes decorative panels, trim pieces, crenellations, robed figure, gargoyle, bench and other decorative pieces.

#44
Gothic
Additional
Accessories
Price \$34.00

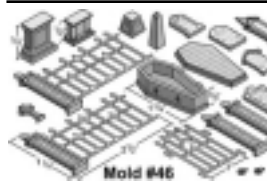

This mold contains additional pieces that enhance the gothic dungeon mold #45. Includes great arch (3" or 4" wide) with face pillars, large arch (2" or 1.5" wide), secret door builder, prison door and other decorative pieces.

#45
Gothic Dungeon
Builder
Price \$34.00

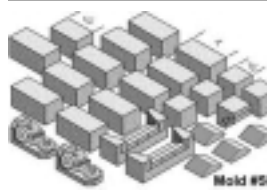

Will make all the walls to build basic gothic dungeons and catacombs. This mold will make recessed arches in several sizes. Includes iron gate, brazier, flame, pillars and bone pile. You will need floor tiles from mold #201 to complete the gothic dungeon.

#46
Gothic
Graveyard
Price \$34.00

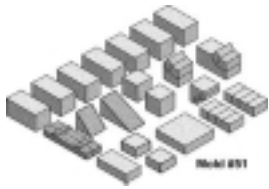

This mold is meant to be used with resin casting material. Will make all pieces needed to build a graveyard including a working hinged coffin, wrought iron fence sections, hinged gate, tombstones, monument bases and tops.

#50
Wizard's
Tower Mold
Price \$34.00

Will make all blocks needed to build the wizard's tower. Includes arrow slits and decorative braces.

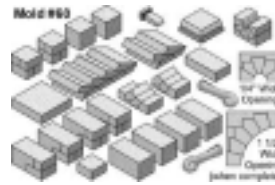

#51
Dragon's
Inn Mold

Price \$34.00

Will make all blocks needed to build the Dragon's Inn. Includes sloped roof blocks, wooden shutters, large & small arches and floor tiles.

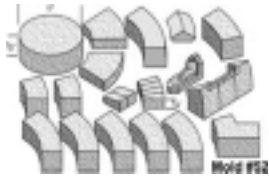

#60
Prison
Tower Mold

Price \$34.00

Will make all blocks needed to build the Prison Tower. Also has 2 sizes of Roman arches, decorative corner blocks plus stairway pieces.

#52
Circular
Tower Mold

Price \$34.00

Will make all blocks needed to build the Circular Tower. Contains arrow slit blocks, decorative braces, circular stairway pieces and blocks to seamlessly splice curved towers into existing flat walls.

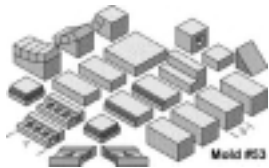

#61
Turret Mold

Price \$34.00

This mold will make 3" round towers and turrets (outside diameter). It includes a domed roof, round window, decorative base for corner turrets and blocks to seamlessly splice round turrets into existing flat walls.

#53
Traveler's
Bridge Mold

Price \$34.00

Will make all blocks needed to build the traveler's bridge. Special pieces include a 3" wide archway, bridge railings, stair builder block, and decorative trim pieces.

#62
Roman Temple
Mold

Price \$34.00

This mold will make all of the blocks needed to build the Roman temple. It includes fluted pillars, capitals, upper and lower Roman style trim, and several smooth blocks.

#54
Gothic
Church Mold

Price \$34.00

Will make 2 sizes of smooth arches, base trim, decorative caps, window trim and more. **Additional regular blocks are needed** to build the church.

#63
Octagon Mold

Price \$34.00

Will make blocks to build a 5" wide octagon tower (measured outside from flat to flat). **Additional basic blocks are needed** to build the tower. It includes a new style of arrow slit, brick edged window arches and trim pieces.

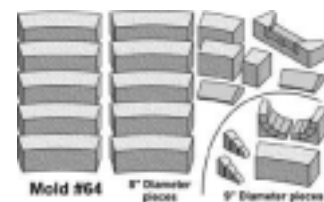

#55
Bell Tower Mold

Price \$34.00

Will make 2 sizes of smooth arches, a deep recessed arch, large round window, window sills, and several decorative pieces. **Additional regular blocks are needed** to build the tower.

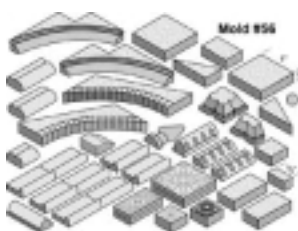

#64
8" Round
Tower Mold

Price \$34.00

Will make blocks to build an 8" outside diameter tower. It includes basic building blocks, an arrow slit and decorative top pieces. Also includes 9" pieces to finish the top of the tower.

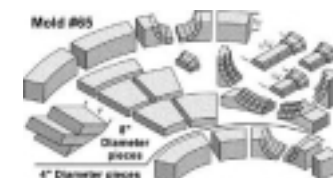

#56
Tomb
Mold

Price \$42.00

Will make all the blocks needed to build the tomb. Contains buttress arches, large 2 1/2" arches, lead roof tiles, sculpted pillars and decorative capitals.

#65
Ruined
Tower Mold

Price \$34.00

Will make all the blocks needed to make the ruined tower. Includes pieces for both 8" and 4" diameter circular walls, large and small arches, octagonal pillars, floor tiles and a circular stair builder piece.

#66
6" Round Tower Mold
Price \$34.00

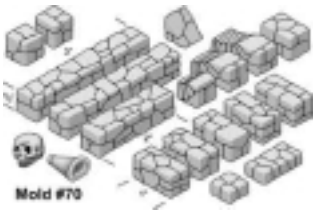

Will make blocks to build a 6" outside diameter tower. It includes basic building blocks, an arrow slit, round topped window, circular stairs, decorative top pieces and a 7" piece to finish the top of the tower.

#75
Ruined Fieldstone Mold
Price \$34.00

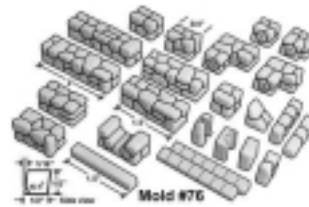

This mold will make pillars, ruined blocks, arches and floor tiles. Duplicate ruined pieces fit together to make full blocks, arches and floor tiles.

#70
Fieldstone Wall Mold
Price \$34.00

Will make walls that look like random fieldstones. Excellent for dungeons, cottages or any structure needing irregular stone. Also includes skull and torch sconce.

#76
Fieldstone Windmill Mold
Price \$34.00

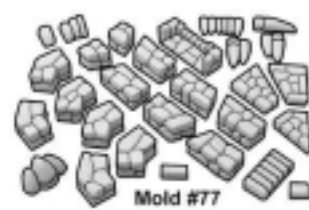

This mold will make sloped blocks for tapered towers. Includes sloped blocks, special corner blocks, round top window, shingle strip, wood beam and hub piece for windmill sails.

#71
Fieldstone Accessory Mold
Price \$34.00

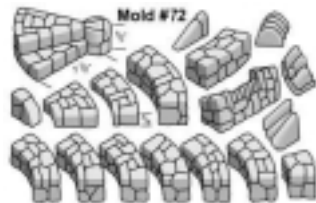

This mold contains additional pieces that enhance the fieldstone mold #70. Pieces include a stair section, a 2" wide arch (when assembled), a door, recessed arches, rounded step pieces, a grate builder block, decorative railings, smooth columns and other decorative pieces.

#77
Fieldstone Octagon Mold
Price \$34.00

Will make blocks to build a 5" wide octagon tower (measured outside from flat to flat). **Mold #70 is also needed to build the tower.** It includes an arrow slit, brick edging for windows, floor expander bricks and decorative teeth.

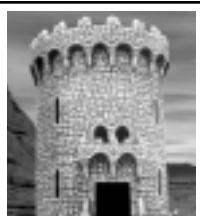

#72
4" Round Fieldstone Mold
Price \$34.00

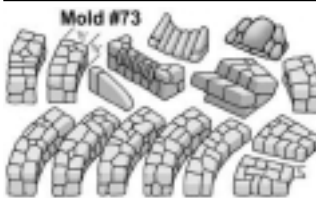

This mold will make all the blocks needed to build the 4" round fieldstone tower. Includes arrow slit, circular staircase builder, decorative stone crenellations, a 5" diameter piece and a transition piece to seamlessly join a curved wall into a straight wall.

#78
8" Fieldstone Tower Mold
Price \$34.00

Will make blocks to build an 8" outside diameter tower. It includes basic building blocks, an arrow slit and decorative top pieces. Also includes 9" pieces to finish the top of the tower.

#73
6" Round Fieldstone Mold
Price \$34.00

This mold will make all the blocks needed to build the 6" round fieldstone tower. Includes arrow slit, circular staircase step, decorative stone crenellations, a 7" diameter piece and a transition piece to seamlessly join a curved wall into a straight wall.

#79
3" Fieldstone Tower Mold
Price \$34.00

Will make blocks to build a 3" outside diameter tower. Includes basic blocks, arrow slit, round topped window, floor tiles, support blocks for balconies, 4" diameter block and a transition block from straight to curved walls.

#74
Fieldstone Bridge Mold
Price \$34.00

This mold will make all the blocks needed to build the fieldstone bridge. Includes 6" adjustable arch, hex shaped pillars, curved walkway tiles, step builder blocks and decorative pieces.

#80
Dragon's Teeth Accessory Mold
Price \$34.00

This mold has decorative pieces with a dragon theme. Includes a dragon skull, twisted pillars, claw foot base, steel riveted section and several teeth and claw decorative elements.

#81
Water Cavern
Wall Mold

Price
\$34.00

This mold will create 4 water cavern wall sections shown on the right. It includes an archway half and wooden door half.

#82
Water Cavern
Wall Mold

Price
\$34.00

This mold will create 4 water cavern wall sections shown on the right. It also includes a barrel, crate and skull pile.

#83
Rock Cavern
Root Mold

Price
\$34.00

This mold will create 4 rock cavern wall sections shown on the right. It includes 2 small skulls and a block that can be used to form a rock archway.

#84
Rock Cavern
Pillar Mold

Price
\$34.00

This mold will create 3 rock cavern wall sections shown on the right. The pillar pieces can be assembled to make a full pillar separate from the rocks.

#85
Cavern
Accessory
Mold

Price
\$34.00

This mold will create the accessories shown which include barrels, crates, bucket, chest, crystals, grain sacks, campfire, coin pile, rock door, steel door, vase, wooden post and other items.

#86
Wooden Conical
Roof Mold

Price
\$34.00

This mold will make conical wood shingle roofs to fit 3", 4", 6" and 8" diameter towers. Also includes wooden braces and top decoration. The inside of the blocks have a fieldstone texture.

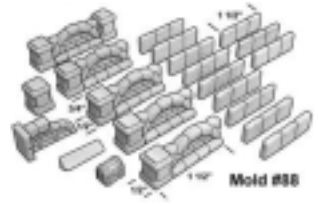

#87
Slate Conical
Roof Mold

Price
\$34.00

This mold will make conical slate shingle roofs to fit 3", 4", 6" and 8" diameter towers. Also includes stone braces and top decoration. The inside of the blocks have a chipped stone texture.

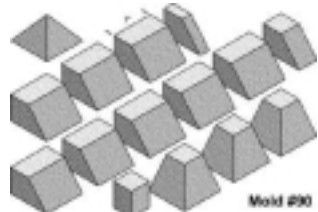

#88
Stone Arch
Wall
Mold

Price
\$34.00

This mold will create short wall sections 3/4" in height. These wall sections allow a clear view of figures and game markers for many board games.

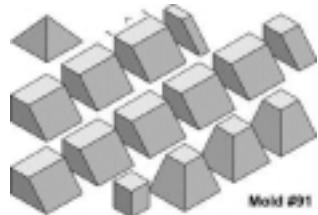

#90
Basic
Pyramid
Mold

Price
\$34.00

This mold will make all blocks needed to build a pyramid any size you want. The angles of the pyramid are the same as the Great Pyramid in Giza. Inner chambers can be added with regular building blocks from other molds.

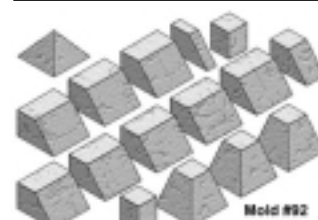

#91
Smooth
Pyramid
Mold

Price
\$34.00

This is exactly the same as the pyramid above, only the sides are completely smooth. It is used to make new looking pyramids and can also be used with other smooth blocks to make bunkers.

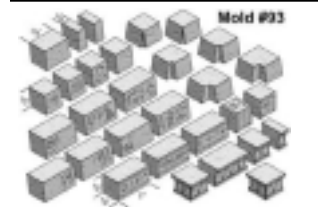

#92
Sand
Blasted
Pyramid
Mold

Price
\$34.00

The same as the pyramids above, only the sides have a sand blasted texture to match the Egyptian style blocks.

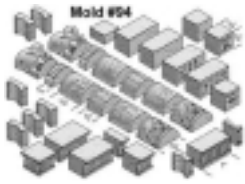

#93
Egyptian
Tower
Mold

Price
\$34.00

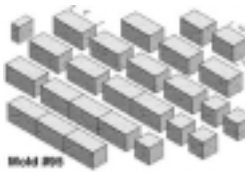

Will make all the blocks needed to build sloped Egyptian towers. Blocks have a sand blasted texture. Includes sloped blocks with hieroglyphs on one side, sloped corner blocks, regular blocks with designs on 2 sides and decorative top pieces

#94
Egyptian Temple Mold
Price \$34.00

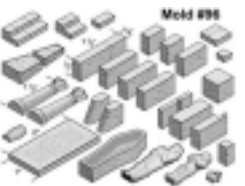

Will make all the blocks needed to build the Egyptian temple. Blocks have a sand blasted texture. Includes 3/4" diameter columns with symbols, connector pieces which join columns into walls, blocks with hieroglyphs on two sides, regular blocks and decorative top pieces

#95
Egyptian Basic Block Mold
Price \$34.00

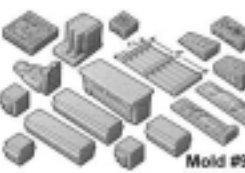

All blocks have a sand blasted texture. Used for building simple walls and structures for any desert setting. Contains several long one-piece blocks.

#96
Egyptian Pyramid Accessory Mold
Price \$34.00

Will make accessories for the pyramid and tombs. Includes mummy, sarcophagus, small pillars, decorative door, secret door blocks, brazier, vase, steps, railing and thin blocks for recessed wall sections.

#97
Egyptian Tomb Accessory Mold
Price \$34.00

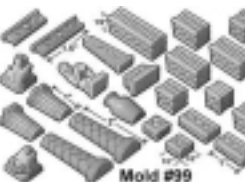

Will make accessories for Egyptian tombs. Includes decorative door frame, iron bar door, 2" tall sitting statue, male and female relief statues, angle buttress and decorative slabs.

#98
Egyptian Temple Accessory Mold
Price \$34.00

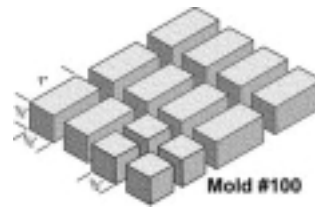

Will make accessories for Egyptian temples. Includes pieces for an obelisk, lion statue, large columns, 2" long block, decorative base pieces, and a connector block to fit flat walls against the Egyptian Tower.

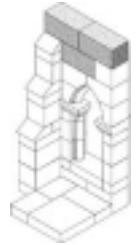

#99
Egyptian Fountain Accessory Mold
Price \$34.00

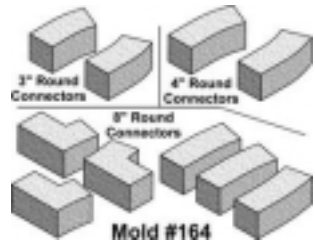

Will make accessories for Egyptian fountains. Includes palm shaped pillars, panther and ram heads, pouring statue, large vase, door headers, small obelisk with base and decorative pool edging.

#100
Basic Blocks Small Mold
Price \$21.00

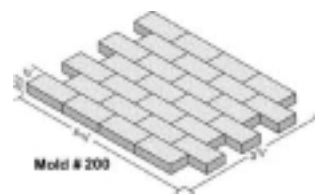

Used for building simple walls and structures.

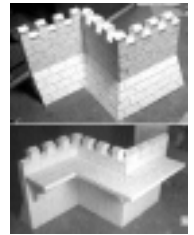

#164
Round Connector Pieces
Price \$21.00

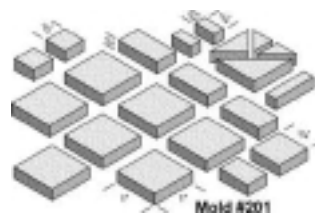

Used to connect a straight wall section into a gradually curving wall. It includes blocks for the 8" round tower (mold #64), the 4" circular tower (mold #52) and the 3" turret (mold #61).

#200
Wall Builder Section
Price \$29.00

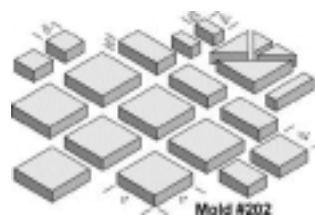

Used to make quick wall sections, floors and walkways.

#201
Floor Tiles Various Sizes
Price \$29.00

Used for floor tiles, steps and floor mosaic designs. Regular chipped stone texture.

#202
Smooth Floor Tiles Various Sizes
Price \$29.00

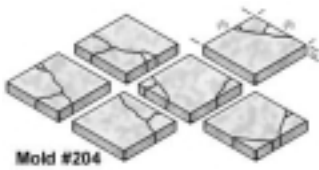

Used for floor tiles, steps and floor mosaic designs. These smooth tiles have a slight bevel on the edges.

#203
Cracked Floor Tiles
Price \$29.00

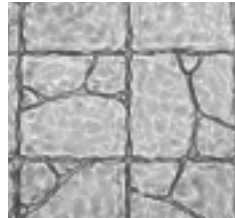

These floor tiles have a smooth worn surface with random cracks.

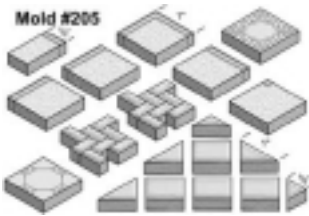

#204
Large
Cracked
Floor

Price
\$29.00

These 1 1/2" floor tiles have a smooth worn surface with random cracks.

#205
Gothic
Floor Tiles
Mold

Price
\$29.00

Includes a variety of floor styles such as border tiles, herring bone brick tiles, diamond pattern tiles and two styles of fancy smooth tiles.

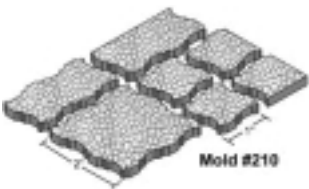

#206
Worn
Floor
Tiles

Price
\$29.00

These floor tiles have a smooth worn surface. These tiles are exactly like the tiles on mold #203 except without the cracks.

#210
Cobblestone
Mold

Price \$29.00

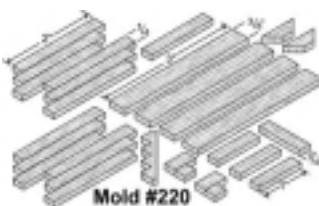

Used to make cobblestone streets and floors.

#212
Skematic
Floor Tile
Mold
Price
\$29.00

Used to make futuristic floor designs. Edges have a slight bevel that match perfectly with smooth tile mold #202.

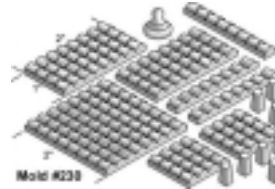

#220
Wooden
Plank Mold

Price
\$29.00

Used to make wooden floors, cottages, stairs, bridges, doors, tables and almost any wooden objects you can think of.

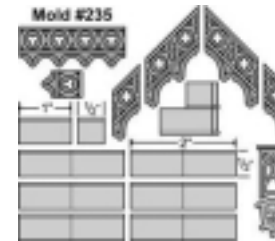

#230
Clay Tile
Roof Mold

Price \$29.00

Used to make clay tile roofs for Greek, Roman, Spanish and Oriental style buildings.

#235
Gothic
Roof
Mold

Price
\$29.00

Used to make ornamental roofs for churches and cathedrals. Includes tile pieces, roof peak, railings for side and front, and rail connectors with face design drainage spout.

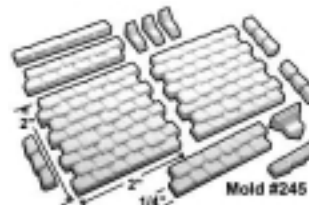

#240
Wood Shingle
Roof Mold

Price \$29.00

Used to make wood shingle roofs quickly and easily.

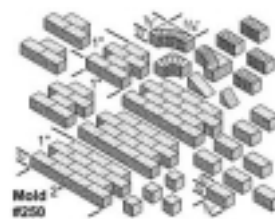

#245
Slate Shingle
Roof Mold

Price \$29.00

This mold will make flat slate shingle roofs quickly and easily. Also includes stone braces and top decoration.

#250
Small Brick
Mold

Price \$29.00

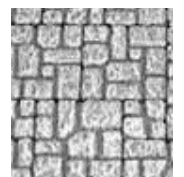

Used to make small stone items such as fireplaces, tombs, forges, wells, etc. Also can be used to make small brick wall sections.

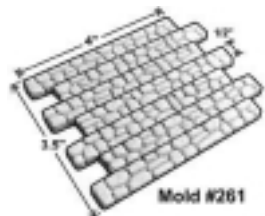

#260
Flagstone Floor
Tile Mold

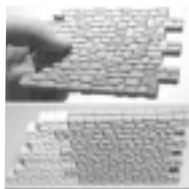

Price \$29.00

Used to make flagstone floor tiles. These can be arranged in a grid for easy character movement or randomized using the smaller pieces for a fairly seamless floor.

#261
Fieldstone
Slab Mold
Price \$29.00

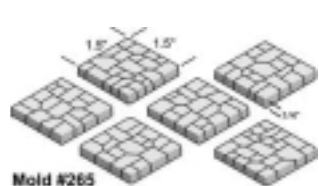

Used to make quick fieldstone wall sections, floors and walkways. Rows can be snapped apart.

#271
Laboratory
Floor Mold
Price \$29.00

These 1" square tiles can be used for floors on the cleaner areas of space ships. Includes recessed tiles, plain tiles, a ramp, hatch door, beveled edge pieces and a secure door.

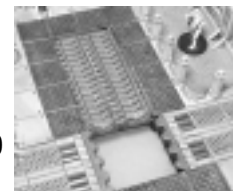

#265
Large
Flagstone
Mold
Price \$29.00

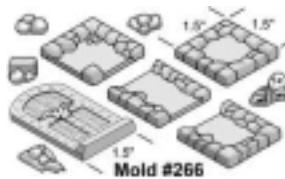

These 1 1/2" flagstone tiles are the perfect size for making MageKnight dungeons. They are 1/4" thick and are great for covering large areas of floor.

#272
Service Area
Floor Mold
Price \$29.00

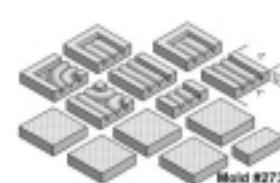

These 1" square tiles can be used for service areas and cargo bay floors. Includes grate tiles, conveyor belt tiles, meshing teeth, hazard stripes, barricade posts and post tops.

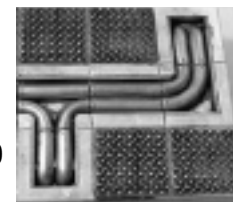

#266
Large Flagstone
Accessory Mold
Price \$29.00

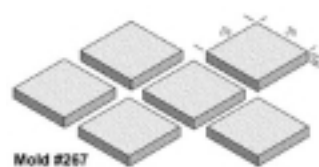

These accessories fit with the 1 1/2" flagstone tiles. This mold includes 4 water tiles, a large door and 5 pieces of rubble. These pieces are the perfect size for making MageKnight dungeons.

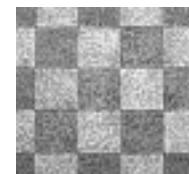

#273
Pipeline
Floor Mold
Price \$29.00

These 1" square tiles can be used for service areas and engine room floors. Includes pipeline and diamond plate floor tiles.

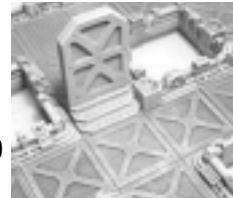

#267
Large Floor
Tile Mold
Price \$29.00

These 1 1/2" flagstone tiles are the perfect size for making MageKnight dungeons. They are 1/4" thick and are of the same chipped stone texture as mold #201.

#276
Large
Catwalk Mold
Price \$29.00

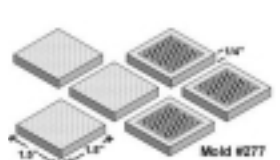

These 1.5" square tiles include catwalk tiles, one large door half and step piece. Door measures 1.5" wide x 2.25" tall.

Brickwork
Floor Tile
Mold
Price \$29.00

These 1 1/2" floor tiles have two different styles of brick texture on them which work nicely for streets or paved areas.

#277
Large Grate
Mold
Price \$29.00

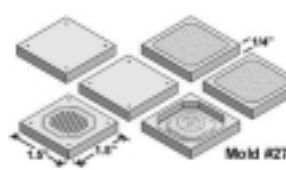

These 1.5" square tiles include grates and diamond plate tiles which can be used for service areas and engine room floors.

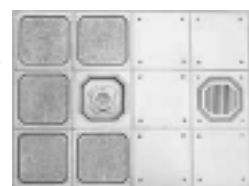

#270
Starship
Deck Mold
Price \$29.00

These 1" square tiles can be used for floors on the cleaner areas of space ships. Some of them have a carpet texture and some are more of a mechanical look.

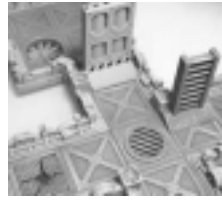

#278
Large Deck
Mold
Price \$29.00

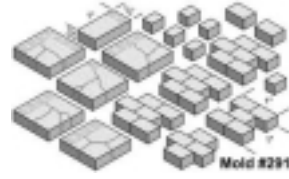

These 1.5" square tiles include 2 plain tiles, 2 carpet tiles, one vent and one hatch door. These can be used for most starship interiors.

#279
Large Grate
Access. Mold
Price \$29.00

These 1.5" square tiles include inserts for a fan, grate, damaged floor and hatch. Also includes ladder sections and ramp. Door measures 1.5" wide x 2.25" tall.

#291
Egyptian
Weave Floor
Tile Mold
Price \$29.00

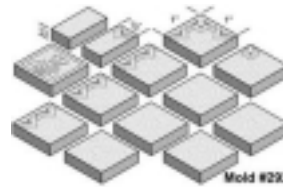

This floor tile has a weave pattern around the edges along with smaller slab tiles, all with a sand blasted texture and regular cracks that match perfectly with mold #290.

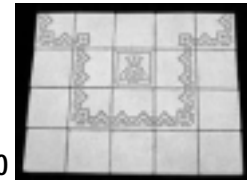

#280
Large Concrete
Floor Mold
Price \$29.00

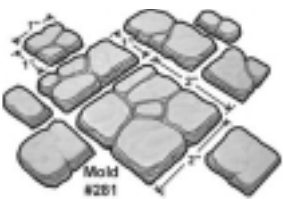

These 1.5" smooth square tiles have a small bevel around the edge and a very slight sand blasted texture giving them a frosted look. These tile are best used to represent smooth concrete factory floors.

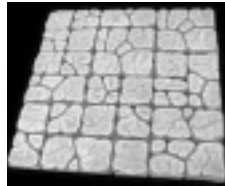

#292
Egyptian
Decorative
Floor Tile
Price \$29.00

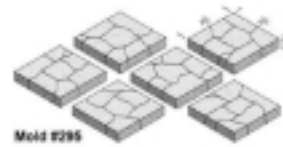

This mold has several smooth sand blasted floor tiles along with decorative border tiles that have the same smooth sand blasted texture.

#281
Cavern Floor
Mold
Price \$29.00

This mold is used to make natural looking stone floors for caverns. The stones are irregular but a 1" square tile patterns can still be seen for figure movement.

#295
Egyptian
Large
Floor Tile
Price \$29.00

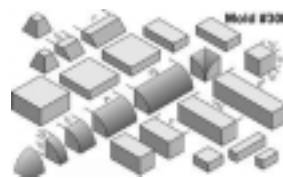

These floor tiles are 1.5" square. They have a sand blasted texture and regular cracks that fit well with Egyptian style buildings.

#282
Cavern Floor
Accessories
Mold
Price \$29.00

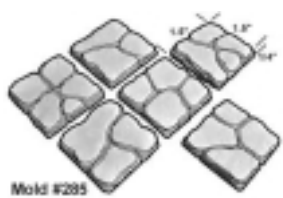

An accessory to mold #281. Includes a door, post and arch, rounded edge tiles, a chest and coin pile, 2 wood planks and rectangular stone blocks for short walls.

#300
Station Builder
Mold
Price \$34.00

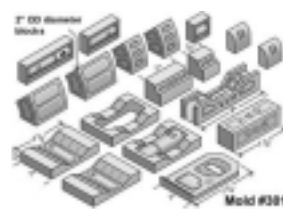

Will make blocks that can be used to build futuristic power and industrial stations. Can also be used to make bunkers.

#285
Large Cavern
Floor Mold
Price
\$29.00

This mold is used to make 1 1/2" natural looking stone floors for caverns.

#301
Starship
Wall Mold
Price \$34.00

Will make blocks that can be used for clean looking starship walls. Includes a door with a small window and curved blocks that make a 2" outside diameter wall corner.

#290
Egyptian Floor
Tile Mold
Price \$29.00

This floor tile has a sand blasted texture and regular cracks that fit well with Egyptian style buildings.

#302
Cargo Bay
Accessory
Mold
Price \$34.00

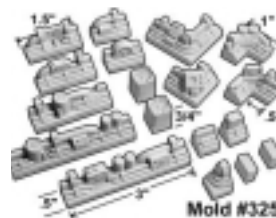

These accessories can be used with mold #301 to make cargo bays. Includes barrel, crates, steel door, door frame and wall panels.

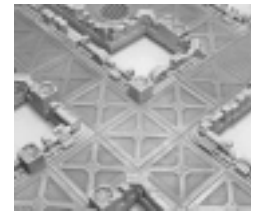

#303
Med Lab
Accessory
Mold
Price \$34.00

These accessories can be used with mold #301 to make a med lab and barracks. Includes 3" O.D. wall blocks and floor tile ring, 2" diameter iris door and base, bed, cryo container and locker block.

#325
Industrial
Edge Mold
