

Regular blocks 1/2"x 1/2"x 1" are shown in dark gray.

You will need an extra course of regular blocks.

This is a front view of the pyramid. Blocks shown in dark gray represent where regular blocks would appear in the inner chamber.

Egyptian Pyramid

You will need to cast the pyramid mold 18 times, plus you will need 76 regular blocks and 4 square blocks.

This sheet shows a block-by-block layout of the Pyramid. Level 1 is the bottom, all the way up to step 11 which is the peak of the pyramid.
